TERMS OF THE DAILY DEMOCRAT TO THE COUNTRY. ONE YEAR, \$5.00. SIX MONTHS, \$3.00. THREE MONTHS, \$1.50. ONE MONTH, \$0.50.

LOCAL AGENTS WANTED. We are desirous of procuring the services of local agents in every county of the State.

Refusing a vote supplies to the war. The President and his party will give up their programme, is Secession now in the new Union vocabulary.

What do you expect to accomplish by not voting supplies? An abundance is already appropriated; no more is wanted. Is it Secession, then, not to vote what is not needed?

Then you will stop the war, the patriots, and give success to the rebels? That doesn't follow. We don't expect Congress to stop supplies and do nothing else.

But suppose it did stop the war. Is it not said that the war will never end, and the Union never be restored, with the policy now in vogue?

It is not said that the Union can be restored; that it might have been long ago; that it can be restored now; that the programme of the Abolitionists in pursuing it.

There was no necessity to pursue such a policy. War did not make it necessary. The war might have been carried on as it was, and then the suppression of the rebellion was no such impossible task.

Now, because we are resolved to stop this impracticable and ruinous policy, we are called a Secessionist by some who have boxed the whole force of the compass on this subject.

We have not changed our opinion of this rebellion. It originated in a wicked ambition for power, and it is not until it is brought to a successful end.

Now, when we are satisfied that the means employed don't lead to the end at all, is it not our duty by all means to stop them?—a primary duty, which we are not justified in neglecting?

The Louisville Journal and its party are in a shabby condition. The organ labors to show that they agree with the Northern Democrats, but the fact is, the Abolition press is in a shabby condition.

There is a world-wide difference between the Republican and Democratic; but we have a party in this State so happily constituted that it is not necessary to have a party in this State.

When we first read that some subordinate had posted to Washington and induced the President to interfere with Burnside's plans, we thought that must certainly be a lie; but it was true, it seems.

Then nobody but the President, General Halleck, Secretary Stanton and these two gentlemen, Cochrane and Newton, knew of the expedition. He was intruded by the rebels got wind of the plan.

It is plain enough that Burnside was shabby treated. No General could do anything but fail with such interference.

The Journal advertises the radicals that the Republicans are the only party in this State that will support the Union. The editor is in a shabby condition.

We are for peace between the Union and good officers, there is no telling what may happen. We had a well state here that the people of Kentucky are not on that line.

We charged the Journal with holding what it called a Secession position, and our readers know we proved it on the editor, so we are not to be deceived.

The Journal objects to our having sung the hymn song to the people that there was no danger of the President's turning Abolitionist. Well, if we admit that we were deceived, that the Journal better comprehended the character of Mr. Linn.

The Journal proposes to object to the carrying out of the negro policy. It is evident that the Journal better comprehended the character of Mr. Linn.

The Committee on the Conduct of the War say some things about the Administration that show great ingratitude, considering how it has sacrificed itself to please the radicals that compose this committee.

The Administration called by the people to the head of the Government, in this the most critical period of the nation's history, was more prominently and fully supported than that of any other Government of which history has preserved any record.

The President is to blame. The point is aimed at McClellan, as is the whole report. But here is a part that strikes at high functionaries.

[SUNDAY NIGHT'S DISPATCHES.]

WASHINGTON, April 12.

The following has been received at headquarters.

MEMPHIS, April 11.

To Major General Halleck:

The following dispatch was received from General Grant on April 11.

Van Dorn made his promised attack to-day at one o'clock, directly in front, and on the left flank.

The Union forces were repulsed, and the rebels were enabled to approach very near without our being able to observe them.

Our heavy artillery and light batteries were ordered to open fire, but the rebels were not deterred, and the fighting continued.

The Meeting of the New School Board. All the members were present except one—Dr. Weathered. Squire Clements administered the oath to the newly-elected members.

Lottery drawn by the members of the Ninth, Tenth, and Eleventh wards, which decided that Messrs. Pars, Young, and Weathered should hold for the long term, and Messrs. Toneyhill, Lucas, and Murray for the short term.

Mr. Morris was unanimously elected President of the Board for the ensuing year, and Mr. Clements Vice-President. Messrs. Wolfe and Avery conducted the President to the chair, after which he delivered a neat and appropriate inaugural address.

The standing committees were then announced, viz:

Finance—Woodruff, Robinson and Pope.

Building—Davis, and very Bell.

Examination and Control—Young, Hays, Ramsey, Purson, Murray and Elchord.

Gravestone—Fate, Henry and Weatherford.

Salaries and Supplies—Clements, Ramsey and Woodruff.

Elections and School Property—Weatherford, Lucas and J. F. Ross.

High Schools—Morris, Clements, Hays, Avery and Robinson.

Rules—Wolfe, Harvey and Toneyhill.

Mr. Wolfe offered a resolution, which was adopted, requesting the President of the Board to address a communication to the Common Council, memorializing that body to erect additional school houses in the city, and to appoint a committee to meet a committee of this Board to consult about the same.

Mr. Ramsey moved that a committee be appointed to wait upon the military authorities in reference to the restoration of the various school buildings to the use of the Board.

Messrs. Ramsey, Davis, Wolfe, Avery, Purson, and Morris were appointed a committee.

The Board then adjourned.

Old Folks.—We do not remember of having enjoyed a more delightful entertainment than last evening in the Masonic Temple. The audience was very large and respectable and was highly pleased with the vocal representations of "The Old Folks."

"Anne Laurie" was sweetly sung, and we have never heard "Come into the Rye" sung with more ease and beauty than it was produced by Miss Pidge. In fact all their songs and choruses are evenly sung and in the most exquisite harmony.

At the conclusion of the "Star Spangled Banner" was announced as the finale of the entertainment when several arose and left the room. One of the performers remarked "that if there were any others who desired to leave he would assist their departure."

The audience gave loud and continued cheers at this remark, and the excellent singing of the chorus in such a manner that, whilst it filled the parlors with a fresh breeze for their happy country, it also gave them the assurance that they could hardly suppress the tears to think that they had ever entertained one thought against the best and most glorious country given to man. The concert will be repeated again this evening. Go and see the "Old Folks at home."

WOOD'S THEATRE.—This beautiful theatre is now in the full tide of success. The Florence conducted a highly profitable engagement on Saturday, and last evening the popular young actress, Miss Dora Shaw, made her first appearance in Louisville for several years. She was warmly welcomed by a numerous and fashionable audience, who freely testified their appreciation of her exquisite rendition of the beautiful character of Lavinia in the romantic play of "Iago."

She was admirably supported by the excellent stock company. To-night the ever-popular play of "The Stranger" will be presented, Miss Dora sustaining the character of Mrs. Teller. The performance concludes with the farce of "Two Buzards," introducing Mr. Fick, an excellent comedian, for the first time to the patrons of this theatre. Secure your seats.

SAM SHARPLEY'S MINSTRELS.—It will be seen by referring to our advertising columns, that this celebrated company will appear at the Music Temple for one week only, commencing Monday evening, April 20th. This is the largest troupe now traveling, and if we can judge from the flattering notices of our contemporaries where they have appeared, it is the best in the field. The company numbers twenty members, with a brass band and orchestra of ten instruments. It is said that Sam Sharpley is the most original genius in the Ethiopian profession, while Cool Burgess is a man of color but what he lacks the audience in roars of laughter. We feel safe in recommending them to our city.

There was a case in court yesterday against Wm. Salzman and Herman Falkenberg, who were charged with burning a couple of houses on Market, between Tenth and Eleventh streets, about the 12th of February last. The fire originated in Salzman's house. Salzman induced Falkenberg, a boy, to burn the house, under a promise of an elver watch and a new suit of clothes. The proof is strong against him. Salzman was held to bail in \$500 and the boy, Falkenberg, in \$200 to answer in the Circuit Court.

FELLEN'S THEATRE.—Adam James Menken made his first appearance last evening as Maceppa. The house was filled to overflowing. The place is one full of excited interest, and gave general satisfaction to all present. Maceppa will be repeated this evening.

PREBTERIAN SYNOD OF KENTUCKY.—This body meets at Paris on the first day of May. All the delegates of that denomination, as well as an elder from each church in the State, will be entitled to seats in the Synod.

An Outrage in Chaplin, Kentucky.

We have received a letter from a respectable citizen of Chaplin, Nelson county, in this State, detailing an outrage perpetrated on the little village by a number of soldiers, several days ago. Our correspondent writes today (10th inst.) visited by a company of men, commanded by Capt. Burns, of Colonel Jacob's regiment, claiming to be Union soldiers, but whose conduct was unworthy of gentlemen, and a disgrace to the cause they represent, and which merits the condemnation of all honest men. Arriving in town about noon, they dismounted, procured provender for their horses, gave orders on Jeff. Davis, and after waiting about for two hours, the intractable Captain, was seized with the idea of instituting a general search; whereupon the town was surrounded, and every house save two (those of Mr. Montgomery and Mr. O. Carlock) in the place was searched from garret to cellar for what purpose we are not advised. Private citizens were wantonly threatened with hanging, as examples, it was alleged, to other citizens. Dr. Pope, one of our most estimable citizens, had his side-arms taken from him on account of their alleged ownership by the United States Government. Sundry other articles were taken from other private citizens on the pretext that these outrages are certainly intolerable, and the perpetrators should be brought to the severest penalty known to military law. They should be hung whenever caught.

Offices Bligh and Tiller arrested a man yesterday who gave him up as Wm. Gray, but it was ascertained that his name is Charles Graves. He has been in the habit of bringing to this city, from time to time, stolen horses, and selling them to dealers here. Recently a fine saddle-horse was purchased by Mr. Wood, government horse-inspector, and sent by him to his wife in Indianapolis. The horse was stolen some ten days ago. Nothing more was heard of it until Saturday last, when it was offered at the government stable. Mr. Wood recognized his own horse, and it was ascertained that an innocent purchaser had bought the horse of Graves, alias Gray, for eighty dollars. When Mr. Wood recognized his horse the gentleman immediately relinquished his claim to it, and with the assistance of Bligh and Tiller, detectives of our city, lustful search and traced the fellow to Jeffersonville and back again to our city, where he was arrested. He told various stories, but they took him to Jeffersonville where he was identified as a very pious man, occupying a well furnished room at boarding house. He had a number of religious books well thumbed. The people of our neighboring town could scarcely realize that Chas. Graves, the paragon of goodness, was nothing more or less than a horse thief.

From what we learn he is evidently one of a gang who have been operating largely in Indiana.

The saddle and bridle were stolen in Indianapolis from an adjoining stable from where the horse was taken, and was not disposed of with the horse. If any one gets it, they would do well to send it to Bligh and Tiller.

The thief was taken to Indianapolis last night by Mr. Bligh, and will soon enter upon "State service." So much for the very pious horse thief who lived in Jeffersonville.

The following sick and wounded Kentucky soldiers were brought to this city on Saturday evening from Nashville, and distributed in the different hospitals:

TOILET COMPARISONS FOR THE LADIES.—As it is proper and natural for our lady friends to wish to make themselves as lovely as possible, we feel it our duty to indicate the best means for bringing about that much-desired consummation, and we can confidently state that any one who uses BURNETT'S celebrated preparations, may obtain their object. Messrs. J. R. BURNETT & CO. are practical and scientific chemists, and have made their preparations—viz: *Cosmetic, Kallidion, Florind and Oriental Tooth Wash*—with strict reference to the human organization, in order that they may promote the general health. We are not in the habit of noticing most cosmetics, deeming them rather hurtful than otherwise, but we can cheerfully and cordially recommend these to all our readers.—(Ladies' Family Mag.)

Summary of Latest News.

The telegraph reports intelligence direct

from the Federal fleet around Charleston.

It seems that the object of the movement

on Tuesday last was a reconnaissance only

to ascertain the locality of obstructions,

which having been accomplished the fleet

withdrew. The Kearsage was penetrated by

a shell, which caused her to sink in eleven

hours. The Nahant had some bolts started

which prevented her turret from revolving.

The Ironsides was not materially injured.

The other iron-clads were not damaged.

The fire from the rebel batteries was terrific.

—Late and interesting news has reached us

from Somerset, in the southern part of this

State. The rebel officers who had the late

expedition into Kentucky under charge are now

in bad repute among the Confederate authori-

ties. Pegram, Carter and Scott have been ar-

rested and sent to Knoxville. Colonel Wood-

ford's cavalry is in the advance on the Cum-

berland river near Somerset; the rebels are

just on the other side of that stream, and it is

said that the pickets of the respective forces

are within speaking distance of each other.

In their late raid into this State, the rebels

lost five hundred men in killed, wounded,

and prisoners. The rebels are reported as

having been heavily re-enforced by Wm. C.

P. Breckinridge.

—General Burnside has issued the following

important order:

HEADQUARTERS DEPARTMENT OF THE OHIO,

CINCINNATI, O., April 13, 1863.

General Orders, No. 38.

The Commanding General publishes the

following for the information of all troops

under his command, that he has ordered

all persons found within our lines who

commit acts of violence against the

loyal troops, or who commit acts of

violence against the property of the

loyal troops, to be treated as

enemies of the Government, and

to be punished accordingly.
